HOW CAN YOU GET THE VENUE?

Kamniška Bistrica is located 30 km north of Ljubljana. From Germany and Austria follow motorway via Villach and Karavankentunnel or Klagenfurt and Loibelpass (or Seebergsattel). After passing Kranj use exit “Airport – Brnik” and follow signs “Kamnik.” For Grintovec follow direction Kamnik (15 km from exit), and then Kamniška Bistrica (10 km). Coming from Italy (direction Venice), or Austria (Graz) after passing Ljubljana follow signs “Airport” and use exit “Airport”. Then follow signs “Kamnik” and after “Kamniska Bistrica.”

In the clear weather all the time driving from Kranj you can watch the Grintovec on your left: the highest mountain, like a pyramid!

GRINTOVEC 2019

On Sunday July 28th 2019, KGT Papež is organizing one of the most demanding and extreme mountain running races in Europe, the 20th mountain race to Grintovec. This is a race of superlatives, a race for the kings of heights, runners who are persistent, rebellious, and full of power and energy, runners who do it in every circumstances. The race to the heart of Grintovec is a special challenge that also has an amazing charm. That is why this race is one of the most popular races among mountain runners and is always well visited.

The 20th Grintovec mountain race will take place in Kamniška Bistrica, at her beautiful natural attractions and wonderful scenery of Kamnik Mountains. After successful organization of the World Championship we expect even larger number of mountain runners (in 2012 – 322 runners) from all over the world.

The Grintovec mountain running race is an extreme race reserved for kings of the heights (2558 m). Running to the very heart of Grintovec and reaching its peak is a challenge and a self fight for every participant. And becoming the king of Grintovec is a dream for every mountain runner.

KGT PAPEŽ: ORGANIZER OF THE WORLD AND EUROPEAN MOUNTAIN RUNNING CHAMPIONSHIPS ON VELIKA PLANINA

In the year 2010 the race did not take place since KGT Papež organized the 26th **World Mountain running Championship on Velika planina** and last year organized **European Mountain Running Championships on Velika planina**. An amazing event, organized on the highest level, was a big success and mountain runners of the world are still talking about it. We are proud that we honourably presented the name of Kamnik and Slovenia to the world. A documentary film about the World championship titled Welcome to Slovenia, presenting just a little part of the project, won the first price on the festival of sport films in Russia. We also did a film which shows the unique Velika planina where cultural heritage and sport intertwine. There is a playful mixture of stories, herdsmen playing among the idyllic cottages and cows clanging, of cows being brought to the mountain over the path of mountain runners and of runners' fight with the steep course and themselves. On every step one can sense the devotion, pride and enthusiasm saying »this is our victory.« 16th European championship in mountain running was a unique and remarkable athletic event of the highest rank for Slovenia and Europe. Wonderful and unforgettable for everyone: the runners, organisers and sponsors. Velika planina remained unspoiled and unique also after the event, being there for everyone to visit and enjoy.
