

The MTB Učka climb is a race that won't leave you indifferent. From Mošćenička draga, a little and warm tourist spot and all the way to Vojak, the Učka peak, we will guide you along paths that will test you and ultimately reward you with a nice view of the Kvarner bay and the Istrian peninsula. To conquer it's peak is a wish that many have but to do it in the shortest time possible is a challenge on it's own. This year we will offer you a slightly modified track with more gravelpaths and steep sections so it won't be suitable for roadbikes and gravelbikes.

The race is organized by BBK Team Rodeo and the Mošćenička Draga tourist and it will be held 09.06.2018.
